Hello,

This guest is not happy with what the GM had to say about him staying in the room. The guest stated they did not feel safe and they were in the room trying to find somewhere else to stay. The guest stated he would like reimbursed for the one night he was charged because he did not stay there. The guest is insistent on the refund because of not staying, not feeling safe and because of the conditions of the Inn. Is there anything we can do for this guest? Please review and advise. I highlighted the GM's last response.

Thank you and have a great day,

I have to rely on the GM on this one...and he strongly feels this guest is trying to take advantage of us! The guest did not like the price. He utilized the room for about three hours on a sellout weekend. The guest was charged for one night. Please send this guest a final notice.

**Subject:** RE RRI 130 Guest Kyle Miller

Hello,

This guest is not happy with what the GM had to say about him staying in the room. The guest stated they did not feel safe and they were in the room trying to find somewhere else to stay. The guest stated he would like reimbursed for the one night he was charged because he did not stay there. The guest is insistent on the refund because of not staying, not feeling safe and because of the conditions of the Inn. Is there anything we can do for this guest? Please review and advise. I highlighted the GM's last response.

Thank you and have a great day,

Email: Cheryl, Unfortunately, Mr. Miller was in the room for over 3 hours and he should have reported to the hotel immediately. He will be charged for that one night stay and refunded back the night he did not stay. Robert Allen | General Manager Bernard Mitchell | Assistant General Manager

**9/16/2016 9:16:06 AM by Amanda Larrick**

Guest transferred to me, feels that the Inn is a whoretel that needs to be checked by someone higher up in the chain. Stated that that the Inn smelled like piss and that no one would want to stay in this dump, is looking for compensation for the first night, says he spent an hour in the room on his phone looking for different accommodations. Advised guest that an request has been sent to the RVPO could take 48 business hours for a response. Guest highly upset and kept saying that the Inn is for whores. Asked again about his refund that he was told already he would be getting, advised per letter/email sent, no longer than 15 days from 9/7/16.

**9/16/2016 9:04:25 AM by Cheryl Jennings**

Guest called back into stated that he is not going to pay for the night he was charged. Guest is insisting that he gets a refund. Sent to the RVPO

Resolved: The manager spoke to this guest on 9/06/2016 about their issues. A refund was issue to him for 315.62. I explained to this guest that they stay over two hours in the room there we would have to charge them for one night. This was a guest complaining about the rate at the Red Roof.
